PROFESSIONAL SUMMARY

I'm a Computer Science graduate with a dual degree from **APU** and **DMU**, and a passion for building clean, efficient software. With a background that spans both web development and system administration, I enjoy solving complex problems using **JavaScript, React, and Python**. I've had the opportunity to work with major names like **Orange** and **Morshedy Group**, where I focused on making systems faster, more reliable, and more scalable.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), Python, C#, Java, Rust, SQL (MySQL).
- **Web Development:** React.js, Node.js, HTML5, CSS3, Backend/Frontend Integration.
- **Infrastructure & Cloud:** AWS, Linux (Red Hat), VMware, Git, Network Security.
- **Methodology:** Agile/Scrum, Debugging, Scalable Design, CCNA.

PROFESSIONAL EXPERIENCE

Web Developer (Intern) | Morshedy Group

Sep 2023 – Dec 2023

- Developed and optimized web applications using **C#** and **MySQL**, focusing on backend efficiency.
- Refactored code to improve the user experience, successfully **reducing application load times by 20%**.
- Collaborated with the team to troubleshoot bugs and ensure new features integrated smoothly.

System Administrator (Intern) | Orange Egypt

Aug 2023 – Sep 2023

- Managed **VMware** environments and **Red Hat Linux** servers to ensure 24/7 system stability.
- Optimized resource use across virtual machines, contributing to a **15% reduction in IT operational costs**.
- Provided hands-on technical support to resolve system issues quickly and minimize downtime.
